ABOUT US

DSON is a leading bathroom brass ware manufacturer providing high quality taps, showers, accessories and fittings to customers across the country.

DSON belongs to manufacturers of bathroom accessories known for quality and elegance. The far sighted vision of management raised the company to new heights in a very short span of its operation.

At DSON accessories are supplied with reliable and carefully through-out solutions, so you don't have to suffer for the sake of beauty. Evolving with changing life styles of people and understanding their need. DSON envisioned a whole new world of bathroom accessories.

Our products have been designed to withstand daily use, year after year, without problems. All new designs are fully tested using prototype models and operational performance is checked under extreme conditions. So all our models get a rough start in life. But we are not content with less, because without stability, the good life fades away like morning dew.

Our goal is just to be simple and ambitious.

We want to give you a better life with water.

We want to do more than just make taps. We make fittings for your well-being - for life, for you.

DSON BATHWARE
Jalandhar, India

Every product that we offer is created and produced around our

FOUR CORE VALUES

QUALITY
All of our products are passed though straight quality assurance processes to ensure that they reach the exacting standard.

INNOVATION
We pride ourselves on delivering outstanding new products keeping in pace with new technology & design.

DESIGN
Our products range from traditional mixers, showers valves and accessories to contemporary design including waterfall style spout, handle option in different styles and product that use the latest technology. Our global processes ensure Our name at the cutting edge of international design trends.

SERVICE
We have a team of people dedicated to developing product range that innovate in their form and function. We design products that not only look great but are easy to install, maintain and minimize environmental impact.
